Item Description

Please read the Additional Terms of Sale for important listing details.

This listing consists of one box of 10 rounds of Westley-Richards brand ammunition in caliber 425 Westley-Richards. This is new, old stock. I bought this ammo about 20 years ago from a well-known online gun shop back when I thought I might have a rifle built in that caliber for an African adventure. Needless to say, I never built the rifle or went to Africa, and this ammo has bounced around with me since then. The packaging is a little worn as you can see, but the ammunition itself is in excellent condition. When I bought the ammo the boxes were sealed, but I couldn't help myself and I had to open it.

** Check out my other listings…I have a total of 2 boxes of the 410 grain soft points and 2 boxes of the 410 grain solids**

Feel free to contact me with any questions.
