## Big-Five Double Rifle

When hunting the ‘Big Five’ in Africa, the rifle used has always been the big bore double rifle.

Whether Maharajah, English Lord, German Field Marshall or Film Star, to hunt here with a double rifle is the ultimate hunting adventure.

Stopping power, smooth handling and the immediate availability of a second shot makes the big bore double rifle the finest choice for an African Safari.

Calibres:

.375 HxH, .500/.416 N.E., .470 N.E., .500 N.E., .577 N.E., .600 N.E., .700 N.E.

Further calibres on demand.
