[SUMMARY](#) [DETAILS](#) [CONTACT](#)

\$1,750.00

Stainless steel Ruger M77 MK II chambered in 7.62x39mm, Zytel Paddle/Skeleton stock and a matching stainless steel Leupold 3x9 scope. The Scope has only been mounted but never fired. Rifle was recent professionally cleaned.

I have researched the S/N and according to Ruger they made 1217 of the rifles in 7.62x39mm and NOT all of them were in stainless steel with the wood inserts, so this was a very limited run.

There are less than 100 rounds through this rifle.

Text is best: 6one7 9five3 eightyfive88
