4. A registration fee of \$20 per bidder is payable to Parks and Wildlife Management Authority through the Auctioneers.
5. A cash participation deposit of **US\$5,000-00** (which is refundable if all sale conditions are met) is required in order to obtain a buyer's number. **NB: No buyer will be allowed to participate at the auction without paying this deposit.**
6. Please note that, the participation deposit will be forfeited if any of the camps bid for has not been fully paid for. The participation deposit therefore counts against the last bag bid for.

 - (i). Should any disputes arise between bidders during the auction, either involving hunting camps or bags, the hunting camps or bags shall be put up again and re-auctioned. However the Auctioneer may use his discretion to declare a purchaser. If the dispute concerns some other issues pertaining to the auction, the Auctioneer shall arbitrate in an unbiased manner to resolve the dispute. In this regard, the decision of the Auctioneer shall be **final**.
 - (ii). The Auctioneer reserves the right to refuse a bid or withdraw any camp, bag or lot in line with the conditions of sale and the hunting permit.
 - (iii). All intending purchasers accept that they are aware of, and understand the requirements of the Parks and Wildlife Management Authority to hunt in the areas being offered for sale. It is essential that buyers are familiar with the Parks regulations on their **HUNTING PERMIT**.
 - (iv). **Sale of Extra animals:** These shall be sold as separate and independent lots in Chirisa Safari Area after the sale of the respective camps. For eligibility to bid for these lot animals, a hunter **must** have purchased at least one hunting camp. These animals must be hunted within the stipulated period of the purchased hunting camp.

(v). RESALE OF PURCHASED CAMPS: Provided a hunt has not been cancelled by the Director General for any failure to comply with the terms and conditions of the sale or the hunting permit, or the provisions of the Act or any regulations made, the purchaser may be permitted to resell a hunt he has purchased in accordance with the circumstances set out in Paragraph 11 of the Hunting Permit. Should the Director General authorize the resale of any hunt, the purchaser may only recover, from the subsequent purchaser (as approved by the Director General), at most the price paid by the bidder. Desired Liaison Auctioneers can only assist with the resale after the Director General's permission has been obtained.
