DESCRIPTION

Dumoulin Receiver - Grade 2

Bulk Price - 10 for $250

These are almost sold out! (we had 3,300 of these).

We have reached the end! These are the last of the actions we have available.

These receivers will have some or all of these conditions - rough locking lugs, rough C ring, finish imperfections, rough barrel threads, rear tang hole miss-drilled, or ejector slot not centered.

These are Sold As Is - NO RETURNS

Perfect for practicing your gunsmith skills.

RECEIVER: This is an A-2 steel, forged / heat treated body.

RECEIVER SPECIAL FEATURES: Flats with threaded holes and dovetails, permit the use of a variety of rings and bases. This feature eliminates the need for screwed on bases. Each flat is pre-drilled and threaded for standard 6-48 screws in 2 places. Flat tops are parallel and at the same level.

RECEIVER THREADS: Threads are standard 1.10 x 12 TPI.

This is a stock photo, actual firearm may vary
