Elk - North American Gameheads

Elk gameheads are produced by some of the most talented and knowledgeable taxidermist/sculptors in the industry. These outstanding anatomically accurate forms are available in popular sizes and turns.

Add realism with our premium quality **Van Dyke's Elk glass eyes**.

**Wall Habitat®** - the "Hottest" innovation in the taxidermy industry, adds interest and dimension to your mounts. McKenzie offers **naugahyde** and **flexible pedestal backs** to give your mount a finished look! Choose from **panels**, **floor pedestal bases**, **pre-finished habitat bases** and **table pedestals** to accent your mount!
