

## KALAHARI LION AND LIONESS SPECIAL 2024

---

Lion hunts are done on foot by tracking them. It is a very exciting and rewarding hunt. Each lion hunter will be accompanied by 2 licensed Dangerous Game Professionals for extra safety.

The ranch and lodge is owned and operated by DE KLERK SAFARIS so you are booking directly with the land owner and outfitter. The size of the ranch is currently 7 157 hectares (17 685 acres) with no internal fences. At the end of 2023 we were very fortunate to buy the neighboring ranches and in 2024 we will be expanding our hunting area for lions to a total contiguous block of 8870 hectares (21 917 acres), making it the largest hunting block for captive bred lions in South Africa.

The lodge is very comfortable with 5 en-suite rooms, air-conditioning, swimming pool, bar, inside and outside fireplace and barbeque (braai) area. The lodge is situated in the middle of the hunting area so we start hunting the moment we leave the lodge.

The hunt will be conducted on a SAPA (South African Predator's Association) accredited ranch. Only 8 ranches in South Africa meet the strict norms and standards of SAPA as well as PHASA (Professional Hunter's Association of South Africa) to ensure clients of a quality experience.
