Questions & Answers

What is the battery life, per charge?

Expert Answer

These have a battery life of 16 hours of continuous use on a single charge.

by Nick B., Gear Expert, October 15, 2021

Can these be worn indoors at a loud sports bar with music? Looking for my dad so he can hear conversations in noisy places and will go with us!

Expert Answer

Yes, these should block out loud sounds while amplifying conversation.

I TAKE IT ALL BACK THEY WORK GREAT.

by paul, June 20, 2016

★★★★★

after extensive testing , have to note . they work well with the soft skull screws they muffle the gun shots well , indoors/ out. burry them deep don't fuss with them once correctly inserted,RUN N GUN and you will understand why not wearing a bulky...

Good electronic hearing pro

by ShtBrd, June 7, 2017

★★★★★

The Peltor electronic earplugs have served me well. I purchased the skull screws ear tips and they provide excellent noise protection. I have not used them indoors so I can't speak for that use but I have shot outdoors with an un-suppressed SBR and ...

Comfortable

by JDW, March 15, 2017

★★★★★

The most comfortable hearing pro to date used! Super simple charging method. Fits ears very well and you don't even know you are wearing them. Have used Peltier's, MSA Sordins and many other hi end. These will replace all your other hearing Pro.

Great ear pro for outdoors

by RAWWWB, November 14, 2018

★★★★☆

Excellent fit with 3 optional size ear buds but not enough protection for high caliber firearms especially indoors. They are great for doubling up on ear pro with ear muffs muffs. Perfect for comfortable outdoor shooting of smaller caliber guns. I...

Jay Howard

by Jay, January 30, 2021

★★★★☆

I like them other than mine only last about 1.5 hours max at the lowest setting. The description says up to 16 hours. I reached out to 3m waiting to hear if something may be wrong with mine, I will update my review depending on what they say.

Work as advertised

by AL, July 30, 2021

★★★★★

These work well and as advertised, however they might not be the best and safest choice for indoor shooting ranges. Outdoors, even when shooting next to others, the noise canceling feature feels sufficient while still allowing for conversation. 1 pre...
