

Available in 9,3x62 Mauser

The Model 70 Winchester represents the Mauser System refined to its ultimate form and is the basis for our African Medium Rifle. We begin with your tired out Model 70 and rebarrel with the Rigby-style barrel and sights. We then fit an Oberndorf-style trigger guard. We also slenderize and refashion the stock to include a steel grip cap, red pad, and genuine ebony forearm tip. All metal is finely-finished with a high-grade satin-blue, while the wood is expertly sealed and hand-finished with our own Vintage Finish proprietry blend of Tung Oil and Urethane. Custom wood is also available.

Price: \$ 3,000

The M70 Old African Medium Rifle is available in several medium-bore chamberings including the legendary 9,3x62 Mauser and .318 Westley Richards Nitro-Express. A Light Rifle variant is also available chambered for the ever-popular .270 Winchester, 7x57 Mauser / .275 Rigby, .280 Remington, and .30-06 Springfield. Call us today to plan your Model 70 Old African.
