Description

US Cerakote is a Factory Trained and Certified Cerakote Applicator specializing in optics and accessories. The Cerakote applied to your optic will not void the manufacturers warranty and we warranty the Cerakote against peeling, chipping, and flaking.

Simplicity meets accuracy in one easy-to-use package. Make short work out of long-range shots with our VX®-Freedom® 3-9x40mm, equipped with the Leupold® Custom Dial System® (CDS). This system is easy to install and even easier to use. Just provide us with your specific ballistics, and we make you a custom dial that eliminates the need for holdovers. Simply range your target, dial the distance, and aim dead on.

Built around Leupold's Advanced Optical System, the VX-Freedom delivers tried and true light transmission, best in class glare reduction in harsh light, and the resolution and clarity that recreational sportsmen and sportswomen demand.

The VX-Freedom is 100% waterproof and fogproof, and guaranteed to get the job done every time. And like all Leupold® riflescopes, it's designed, machined, and assembled in the USA and guaranteed for life.
