Description

Made in USA

The beauty and warmth of real walnut for military Mauser and Savage 110 rifles. Finished stocks are fully inletted with factory, sporter barrel channel; requires only minor inletting to fit larger barrels. Completely sanded, stained and finished with three coats of Watco oil for an attractive, durable finish that resists weather and is easy to touch up. Includes hard non-slip butt plate. Mauser 96 has 9/16" barrel channel. Unfinished stocks are fully shaped with factory, sporter barrel channel; requires only final sanding and finish. Mauser 96 is 95% inletted with 9/16" diameter barrel channel for custom fitting. Furnished without butt plate.

SPECS: Walnut, straight grain, minimal figure. 14" (35.5cm) LOP. 2 lb. 2 oz. (964 g) wt.

Available options: 984100098, 984200098

 Beautiful Stock
 I am really impressed with this piece of wood. I'm working away at making some minor adjustments to make it fit my Mauser 98...really solid and nice stock, very pleased for the price!

 Well worth the money compared to others
 I bought one of these along with 5 of the SR Mauser stocks. I was not disappointed to say the least. GOOD quality walnut, nicely inlet . plenty of wood to work with. Grain was good and stock is strong. I love the price. Other companies charge over \$125 for an inferior stock. Brownells takes good care of us professional gun smiths and gun cranks. Try it and you will like it.

 Good value for the price - I'd buy again
 As the ad says, plain Walnut with little figure. I purchased the stock for a Husqvarna M98 that I was refinishing. It came nicely sanded however I did put a lot of finish work into it (I'm fussy like that). I don't remember if it was mentioned anywhere but there was no bolt cut out or relief for the bolt stop or loading gate so these had to be cut in which suited me fine as it allowed me to do the work myself and ensure proper placement. There was also minor fitting that had to be done to ensure... Read more

 Good for the money, but not great
 I have just finished installing this on a spanish mauser 98 action with a brownells 6.5x55 barrel and the fit was realitvley good, but there is a slight gap in front of the chamber area. That is my only gripe about the stock (everything else is good and I will buy this again as the gap can be closed with acra glass when I bed the rifle). Also, the LOP is rather short, but that will not be an issue when I attach a butt pad. Also, the pistol grip could be a bit more vertical or a bit straighter... Read more

 Decent inletted stock at a reasonable
 Initially I was disappointed with the fit as there were gaps in the bottom metal inletting at the ends. The top metal fitted very well with a little tweaking of the barrel channel. I soon discovered that the action was not that of the German 98 it was a Czech or Turkish mauser. I couldn't tell for sure as the roll markings were difficult to read. I bought another unfinished version for a potential next build.
